TROLLEY HIT FIVE. PASSENGER TOURING CAR Occupants Were Changing Tire at . Foot of Derry Hill.

The trolley car leaving Franklin square at 3.45 o'clock Tuesday ovening, running 15 minutes behind time, crashed into a five-passenger Stevens Duryea automobile, owned by Mr. Collins of New London at the foot of Derry Hill, completely smashing the body, ripping off all four wheels and doing other damage, although the motor apparently escaped.

motor apparently escaped.

The demolished car was on the car tracks and the occupants had changed a tire by the aid of the head lights of another machine. They were about to crank the engine when the accident happened.

The motorman in coming down the hill saw the light of one car but did not see the light of the car on the tracks. The trolley hit the rear end of the machine, driving the back sent forward and smashing it. The owner of the car claims that his tall light was lighted. One man was in the car when the trolley approached, but succeeded in jumping out before the crash and escaped uninjured.

The occupants of the car were James P. Newman, Thomas W. Duffy, Mahan Gray, T. D. Donchue and Harry Miner, all of New London. They had been here attending the circus and were returning home.

with the deliberate purpose to provoke the Washington administration to intervention. Carranza's Control Weakening. The control of the first chief over the various elements of his army and of his civil government is manifestly of his civil government is manifestly weakening, according to official reports. Instances have been reported where the tax collectors sent by the Carranza government have been driven out by state authorities and the people. Decrees have been promulgated by state governors dealing with matters that belong, under the Mexican constitution, purely to the central government.

The fact that the great bulk of the Mexican people have only such reports of what has happened and in happening in the border states as their leaders choose to give them, increases the danger of the situation. A demonstration that might end in bloodshed among foreign residents, it is feared, could be easily provoked. The consequences probably would be far-reaching and the Washington govern-ment be compelled to take measures which it has struggled for years to

avoid.

You don't listen very hard when a total failure tells you how to get rich:

You don't call in a plumber when you want your pants pressed, nor a piano tuner when the baby has the mumps:

You don't want any wrong numbers in the amoke line, either:

You want MECCA!
